Breckenridge Child Care Inconsolable policy:

We do everything we can to engage children at our centers and comfort them when they are sad. However, if we feel that we cannot get a child to engage in an activity, the child won't sleep, eat or drink, and is thus inconsolable, we feel it's necessary for them to have one on one care which we can't provide at our centers.

We will refund your daily rate and charge you hourly for the time your child is at our center.

I understand that if my child is inconsolably fussy, unhappy, and/or crying for an hour or more, I will need to come pick up my child immediately.
